

FLEX COMMUNITY PARTNER ROLES

FOUNDATIONAL
LEADERSHIP &
ENTREPRENEUR
X-PERIENCE

As we strive to foster a culture of innovation and entrepreneurship within our school and community, I am reaching out to invite you to participate as a Community Partner in our FLEX Student Entrepreneurship Program.

Our student entrepreneurship program will need Community Partners to:

INVEST FINANCIALLY

FLEX operates through the sponsorships of local businesses.

BECOME A BUSINESS MENTOR

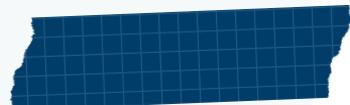

The top 10 student businesses are encouraged to build relationships with local business leaders and engage in mentorship. We will provide opportunities for business leaders to work with students to help them build their businesses through sharing advice/feedback.

HOST WORKSHOPS

FLEX utilizes local business leaders to host and teach workshops related to their expertise. This not only allows students to hear from someone other than their teachers, but this also exposes them to a different setting and network.

SERVE AS A JUDGE

We will need a panel of judges for each round of the competition. Serving as a judge is a great way to familiarize yourself with the program and provide feedback to the students.

Our goal is to provide our students with practical insights, guidance, and real-world experiences to help them develop their entrepreneurial skills. We believe that your business expertise and passion for our community make you an ideal partner for the FLEX program.

Becoming a Community Partner plays a crucial role in shaping the future success of these students, and your commitment can make a significant impact on their journey.

As a Community Partner, you would have the opportunity to:

- SHARE** your industry knowledge and professional experience with students.
- PROVIDE** guidance on business development, problem-solving, and decision-making.
- INSPIRE** and **MOTIVATE** students to explore their creative and entrepreneurial potential.
- FOSTER** a supportive and collaborative learning environment.
